PURPOSE HIGH INTEREST SAVINGS ETF – Class I

HOW RISKY IS IT?

The value of the Fund can go down as well as up. You could lose money.

One way to gauge risk is to look at how much a fund's returns change over time. This is called "volatility".

In general, funds with higher volatility will have returns that change more over time. They typically have a greater chance of losing money and may have a greater chance of higher returns. Funds with lower volatility tend to have returns that change less over time. They typically have lower returns and may have a lower chance of losing money.

RISK RATING

Purpose Investments Inc. has rated the volatility of the Fund as **low**.

This rating is based on how much the Fund's returns have changed from year to year. It doesn't tell you how volatile the Fund will be in the future. The rating can change over time. A fund with a low risk rating can still lose money.

For more information about the risk rating and specific risks that can affect the Fund's returns, see the sections entitled "What are the risks of investing in the fund?" and "Who should invest in this fund?" in the Fund's simplified prospectus.

NO GUARANTEES

Like most mutual funds, this Fund doesn't have any guarantees. You may not get back the amount of money you invest.

HOW HAS THE FUND PERFORMED?

This section tells you how the Class I units of the Fund have performed over the past calendar year. Returns are after expenses have been deducted. These expenses reduce the Fund's return.

WHO IS THIS FUND FOR?

Investors who:

- are seeking somewhat higher current income than available on funds invested solely in short-term government securities;
- are looking for a liquid, short-term investment;
- make large investments, as determined by the manager, in its full discretion; and
- can tolerate low risk.

A WORD ABOUT TAX

In general, you'll have to pay income tax on any money you make on a fund. How much you pay depends on the tax laws where you live and whether or not you hold the Fund in a registered plan, such as a Registered Retirement Savings Plan, or a Tax-Free Savings Account.

Keep in mind that if you hold your Fund in a non-registered account, fund distributions are included in your taxable income, whether you get them in cash or have them reinvested.

HOW MUCH DOES IT COST?

The following tables show the fees and expenses you could pay to buy, own and sell Class I units of the Fund. The fees and expenses — including any commissions — can vary among class of a fund and among funds. Higher commissions can influence representatives to recommend one investment over another. Ask about other funds and investments that may be suitable for you at a lower cost.

1. SALES CHARGES

You do not pay a sales charge when you buy or redeem your units.
